

9 Photos from Inside the Ka'ba

Yasser Ahmad who was fortunate to enter the Ka'ba on the 30th of May 2015 has posted some photos from inside the Ka'ba on his instagram account along with Arabic captions describing the photos:

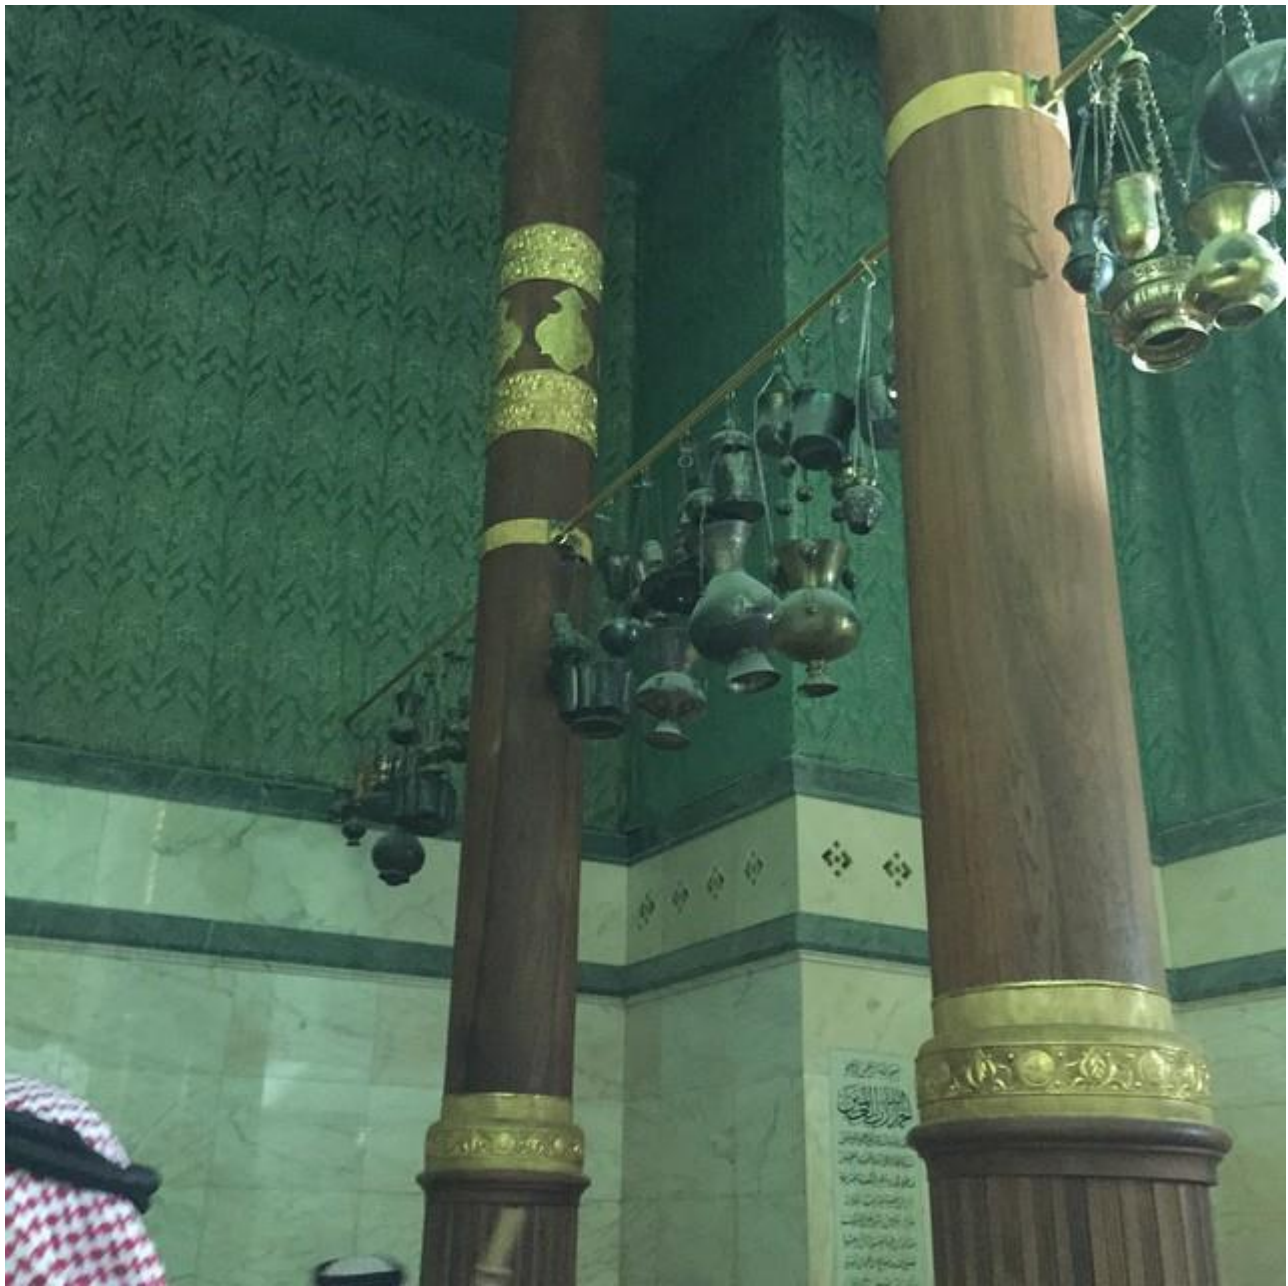

This is the corner where the Rukn Al-Yamani is located on the outside.

The calligraphy on the marble wall denotes the location the Prophet Muhammad (peace and blessings be upon him) prayed when he entered the Ka'ba.

The marking on the floor shows the exact spot the Prophet Muhammad (peace and blessings be upon him) is thought to have prayed.

There are lamps hanging in between two pillars in the centre of the Ka'ba.

This door leads to the roof of the Ka'ba.
